High Risk Personal Property (HRPP) Review Checklist

Instructions

Federal regulations in 41 CFR Part 109 require a high-risk property review before any method of disposition. To assist with the proper management and disposition of equipment and material, please carefully review the information below. A high-risk property subject matter expert must check the appropriate boxes and sign the certification.

Property Review

This review applies to the property listed below. If property is included on a separate list, reference the list here and include as an attachment.

Description of all equipment (including manufacturer and model) pertaining to this review.

Click or tap here to enter text.
